INVITATION

SODC is the dream fruition of some of the finest brains of this country to recognize the Stalwarts in the field of Dermatology from a wide array of practical dermatological applications like Clinical to Aesthetics, Lasers and Hair Transplant providing budding young minds a unique mentorship opportunity from super-coaches and mentors.

On behalf of the organizing committee we find immense pleasure to invite you to an enthralling learning experience on 21st and 22nd September, 2019 at Stalwarts of Dermatology Congress (SODC 2019) at Hyatt Regency, Chandigarh.

Team SODC is looking forward to welcome you at Chandigarh for the event which is one of its own kind.

VISION

We understand that until later half of the last century Dermatology was considered as a purely medical specialty in our country whereas our western peers emphasized more on its operational aspect. The emerging trend witnessed by the increasing adoption of new techniques like lasers etc is restricted to the metropolitan and major cities only. SODC targets to groom every individual attending this prestigious conference so that they render their services to each and every corner of the nation so that no patient remains deprived of the deserved treatment.

MISSION

Dermatology being a widespread term which shelters both medical and surgical facets, the practicing dermatologists and the pursuing students do face the challenges of upgrading their skills and knowledge on a daily basis adhering to their busy schedules. SODC simplifies this quandary by mustering in the selected gems in a common forum.

AIM

SODC is endeavoring to make this debut occasion a landmark in the world of dermatological conferences.

What makes SODC

**BEST
OF THE
REST**

Falls on a weekend-Just two days -

No need to shell out three consecutive days in a row, yet covers up the latest and most important aspects.

Budding dermatologists-The Future of the Nation -

The event to be attended by practicing dermatologists, young minds aspiring to be one among the finest names in the arena of Dermatology and also by the acclaimed legends.

Hands -on live experience to the youth -

No more claims of excellence based only on panel talks and guest lectures.

First event of its own kind to be hosted in Chandigarh –

Enjoy the event in the cleanest city of India with the highest happiness index.

Brings in an unprejudiced and balanced blend -

Of indigenous and exotic speakers of the respective fields.

Great things do come in small packages-

SODC respects sticking to schedules, yet delivering fruitful results by adhering to its belief of comprehensive learning guided by principles of smart work rather than hard-work.

A black and white photograph of a lecture hall with a microphone in the foreground. The microphone is a large, vintage-style dynamic microphone with a mesh grille. The background is a blurred lecture hall with many people seated at desks. The word "FACULTY" is written in large, white, bold, sans-serif capital letters across the center of the microphone. The entire image is framed by a dark grey hexagonal shape with a thin gold border.

FACULTY

Dr. Phillip Artemi
Dermatosurgery

Dr. Sandipan Dhar
Pediatric Dermatology
